

## About Lyon

Lyon, headquartered in Aurora, IL, is an innovator, manufacturer and marketer of storage systems and workspace products. Since 1901, Lyon has pioneered technologies and system solutions in the product categories of lockers, shelving, storage-racking and modular drawer cabinets. Today, Lyon continues its commitment to helping distributors and end-users store and organize their products while maximizing workspace.

## High Density Storage Solution

Lyon offers a complete line of modular drawer storage cabinets and accessories that provide the maximum use of cubic space for the highest level of product storage density. Lyon modular drawer cabinets are the best solution for the secure, organized storage and retrieval of small to mid-sized products.

Drawers can be subdivided into an infinite range of custom compartments to better organize your products. Lyon drawers are ergonomically designed to bring these individual compartments to full view at the best possible human reach points. This results in improved worker efficiency and increased productivity while often doubling storage capacity within the same amount of floor space.

Installations ranging from a single-freestanding cabinet to multiple-stacked groups of cabinets provide flexible solutions to meet every storage requirement while maximizing your storage space. Lyon modular drawer cabinets have been designed for applications in many fields like:

- Manufacturing
- Government
- Utilities
- Transportation
- Healthcare
- Education and more...

## Customizing the Right Storage Solution

Contact us with your special requirements; Lyon's engineering and manufacturing departments will develop a unique modular drawer cabinet to fit your special application.
